(Open Response Feedback on back)

4 Attendees/ 3 Evaluations

Open Response:

After reflecting upon each question, provide answers to help the facilitator "fine tune" their session content and facilitation skills to be more effective.

1. **NWACC strives to provide quality learning experiences through use of benchmarked learner – centered best practices. Please identify the learner-centered best practices used that were the most effective for your learning needs.**

   -

Please share your thoughts why they were effective for you.

-

2. **Please suggest other best practices that might effectively help you or others learn this content.**

-

3. **In order to help you serve your learners more effectively, please share what types of knowledge and skills you need to be successful with your job.**

-
